

“ When I think of the many training sessions I have experienced, one that stood out was a two-day communication-training program at Decker Communications. It’s been 20 years since I took that training program, and ... it is still the **gold standard** I look for in any training I participate in. ”

Are your presentations up to your own gold standard? Comfort can be a bad guide.

Dramatically change the way you prepare and deliver:

- ▶ Gain the recipe to our trade secret: The Decker Grid™, a powerful way to create focused, results-oriented messages in half the time.
- ▶ See yourself as your audience sees you. With video feedback and personal coaching, you will quickly discover what to change.
- ▶ Improve your credibility by adjusting your behaviors. You know you’re an expert; does your audience?
- ▶ Remove the mysteries of “Where should I put my hands?” “What’s the best way to organize my notes?” and “Does my nervousness show?”
- ▶ Tell your story. Learn a structure for business storytelling.
- ▶ Deliver feedback in a way that is supportive to your team.
- ▶ Create rapport and connection for a one-on-one, small group, during a large meeting, or keynote speech.
- ▶ Learn how to master PowerPoint, webinars, video and conference calls.
